

Package of 10 Trusts
This is the basic layout
of how these trusts are set up

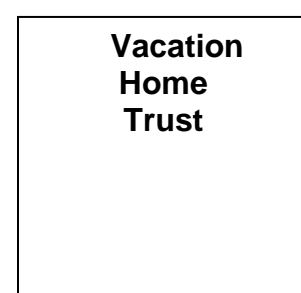

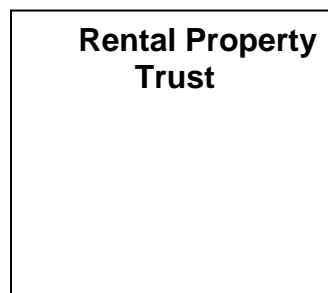

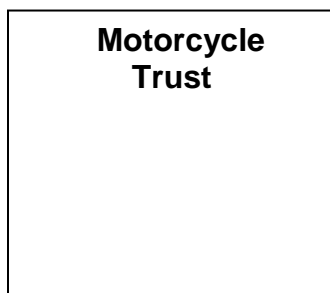

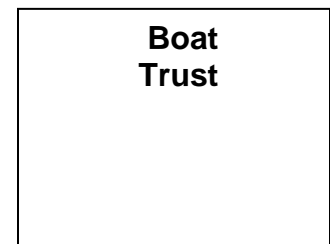

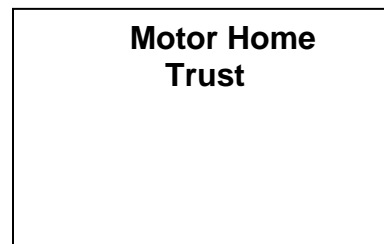

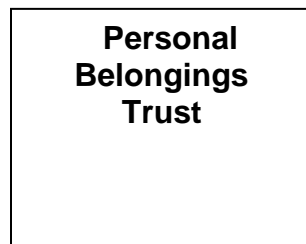

Asset Management Trust
Trust that holds your Trust Bank Account

Single entity trusts, you can have as many as you need

Examples of Various Trusts

Grantor or trustee can use their SSN to acquire the EIN, the EIN # is then used to open trust bank account. Trustees sign the checks, you cannot sign the checks or be a trustee of your own trust. You cannot be both a beneficiary and a trustee or the trust will be compromised.
